

CHESTERFIELD GRAMMAR SCHOOL

ROLL OF HONOUR 1939–1945

The following list, courtesy of Philip Riden, of former pupils of Chesterfield Grammar School who died in the Second World War is taken from that published in an article in the May 1950 issue of the Cestrefeldian, the school magazine, recording the unveiling on 2 April that year of the memorial at the school by Air Marshal Sir Philip Wiggleworth, a pupil at the school in 1910–12. The names also appear on the memorial itself, but with only initials rather than Christian names in full. The additional information added for many of the names has been taken mainly from the reports in the Derbyshire Times, supplemented by standard genealogical sources. The following table summarises various pieces of information about all the men included in the text and provides a quick access method.
